

Admissions Policy

An application form for entry into our Pre-School or any other level within The Pier Head Preparatory Montessori School can be obtained from the Headteacher, Miss Emma Kohl.

Children are accepted into our Pre-School class following their second birthday, but parents are advised that National Educational Funding is not issued until the term following the child's third birthday. Children may commence with any number of sessions, building on these until attending for five sessions per week, as sessions are available.

Children entering our Pre-School would normally proceed to our Reception class. If this is against the parent's wishes a full term's notice of withdrawal is needed in writing.

Children will move from the Pre-School class into the main school the September preceding their fifth birthday and will then attend on a full-day full time basis.
